

Comprehensive insight into company performance

The Executive Review Dashboard provides a comprehensive picture of how your entire business is performing: revenue, profit, cash, leading indicators, and operational KPIs. This scorecard comes with over 46 metrics, and can be customized to meet your company's specific needs and business practices.

Use the Executive Review Dashboard to:

- Make better decisions, faster, with an at-a-glance view of key company metrics
- Improve weekly management meetings with a consistent and accurate view of KPIs
- Enhance accountability across divisions, teams, and individuals
- Know if your business is on track to meet key targets, and who to reach out to if it isn't
